Aureole Cluster Sconce - Alabaster

Type:	Wall Sconce
Globe type:	G9 LED
Voltage:	110V-220V compatible
Wattage:	3-6W
Environment:	Indoor
Installation:	Hard Wired Wall Sconce

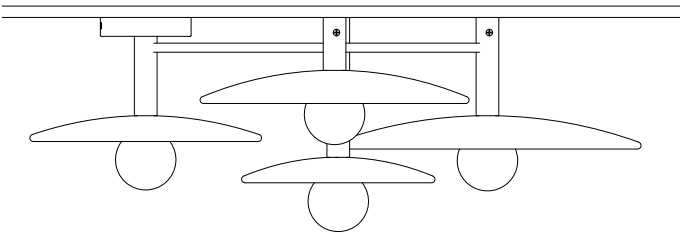

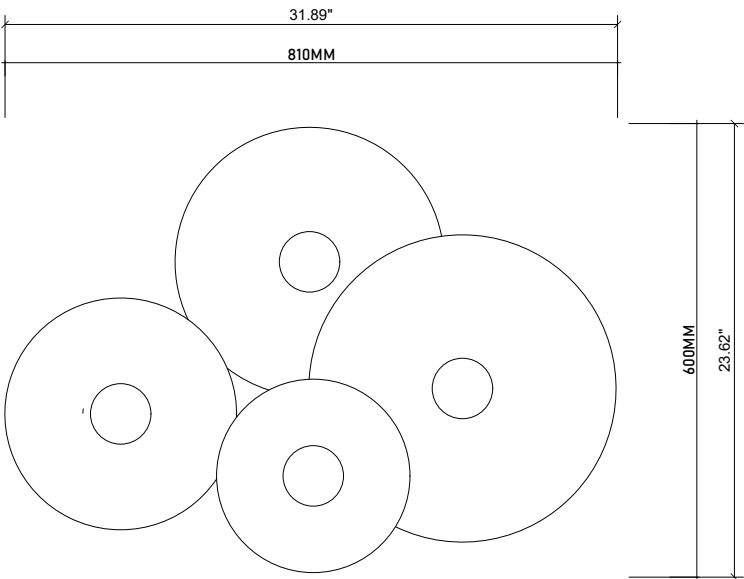

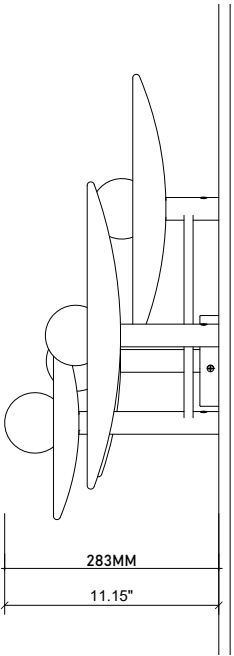

The Aureole is a modular lighting system crafted from honed Spanish Alabaster. Designed for architectural flexibility, it functions as both a vertical wall sconce and a flush-mount ceiling fixture. Ideal for low-ceiling areas, narrow hallways, or as statement bedside lighting with flexibility to create your own arrangement to suit the space.

Features
Handcrafted Uniqueness: Each marble is hand-selected for its veining – no two sconces are alike.

Sealed Stone: Treated with a non-toxic sealant to protect against dust and moisture.

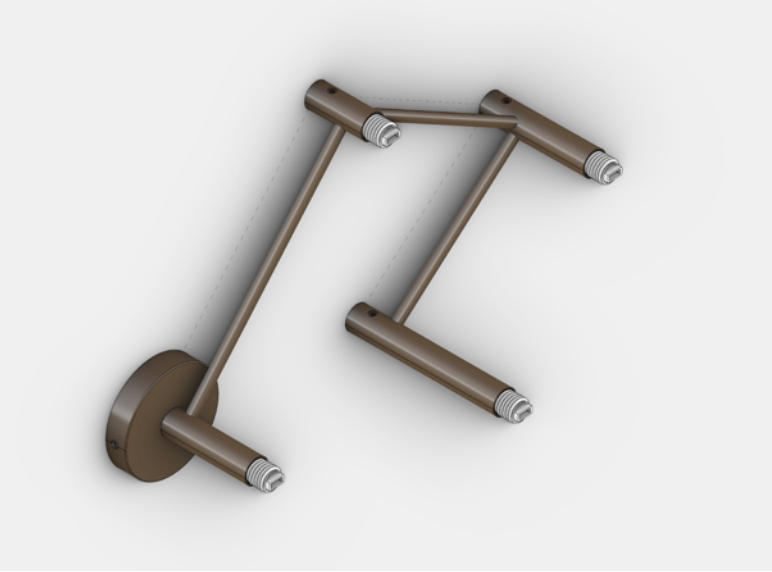

Care Instructions
Marble Base: Wipe gently with a dry microfiber cloth; avoid water or chemicals.

INSTALLATION

INSTALLATION

STEP 1

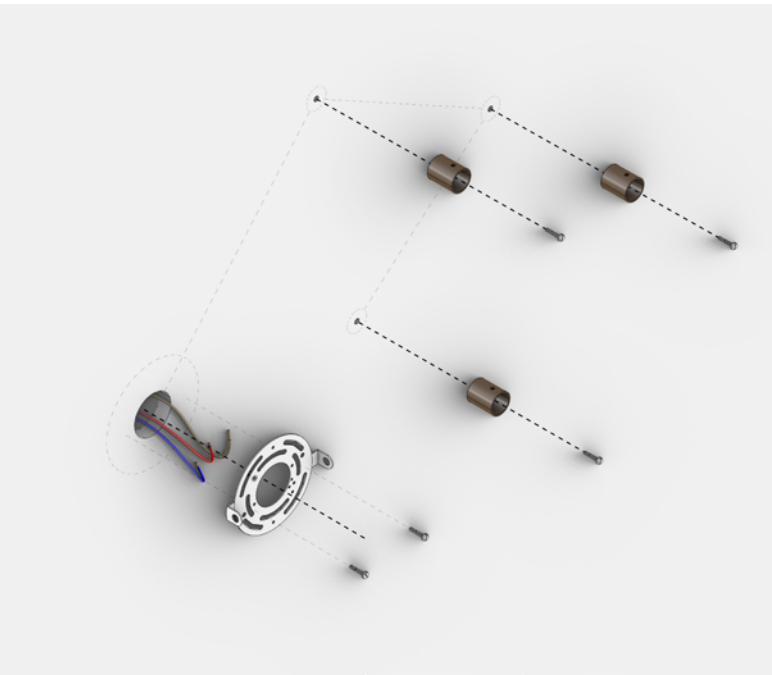

Locate & Mark

Hold the hanging base against the wall at the desired height.

When positioning the wall lamp base locations on the wall, the size of each disc and its position within the fixture group must be taken into account, so that the overall angle and placement of the lamp set more accurately achieve the desired effect.

Verify no electrical wires/pipes are behind marked spots

STEP 2

Drill & Secure

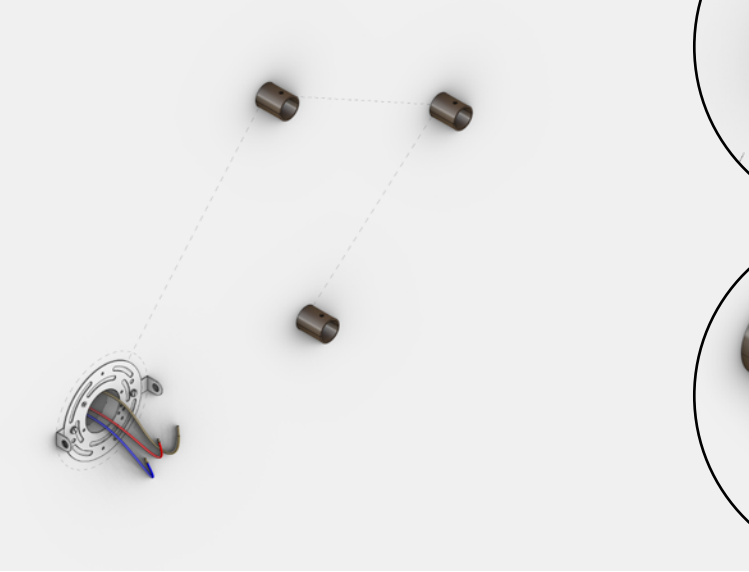

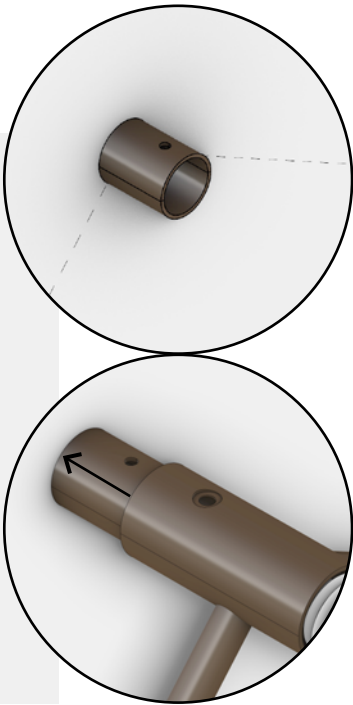

Drill holes at marked points using a masonry bit (for concrete/brick) or wood bit (for studs).

Insert wall plugs (expansion anchors) if needed.

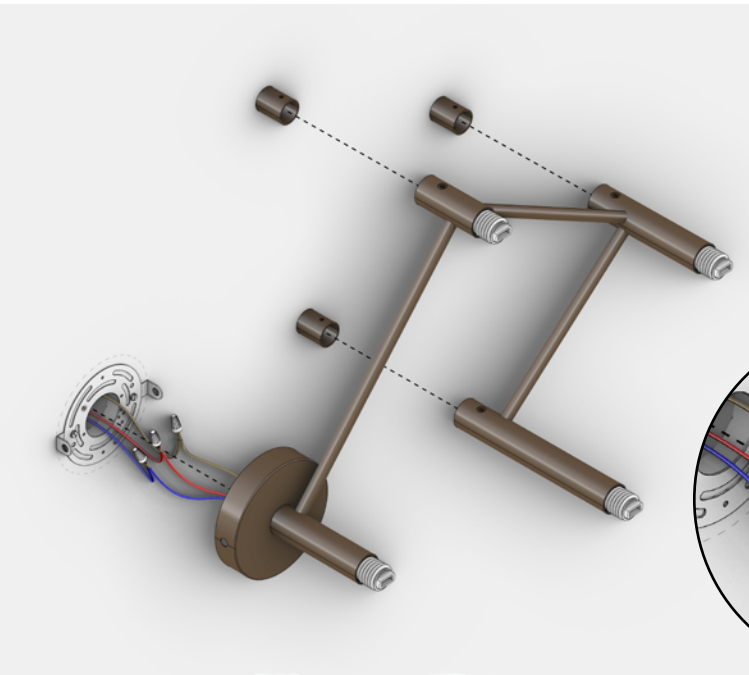

Align the Mounting Bracket and the 3 hanging tubes with holes and fasten using screws. Ensure it's firmly attached, and the screw holes on the side face upwards.

INSTALLATION

STEP 3

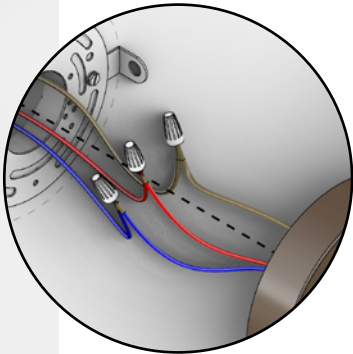

STEP 4

Wiring and Mounting the Base

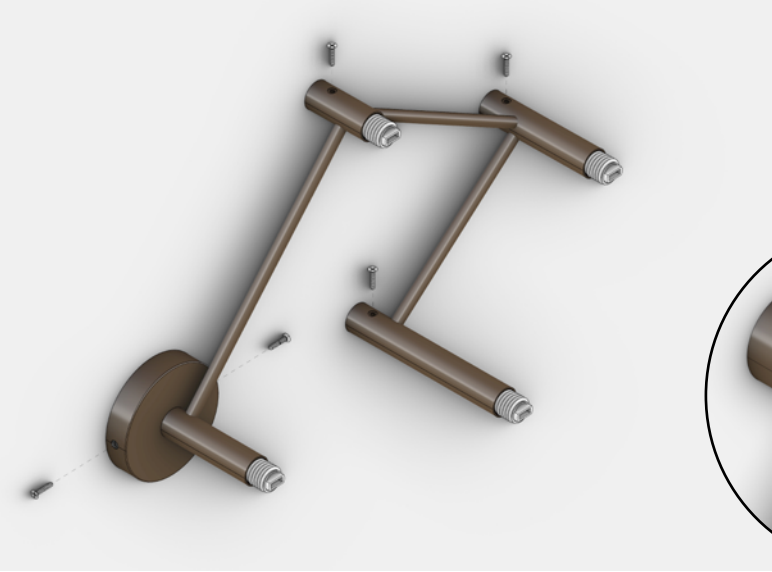

Connect the wires from the main base to the electrical supply wires in the wall. Align and attach the fixture's three cylindrical arms to the wall-mounted cylinders previously secured in Step 2.

Neatly tuck the connected wires inside the cavity of the brass base.

INSTALLATION

STEP 5

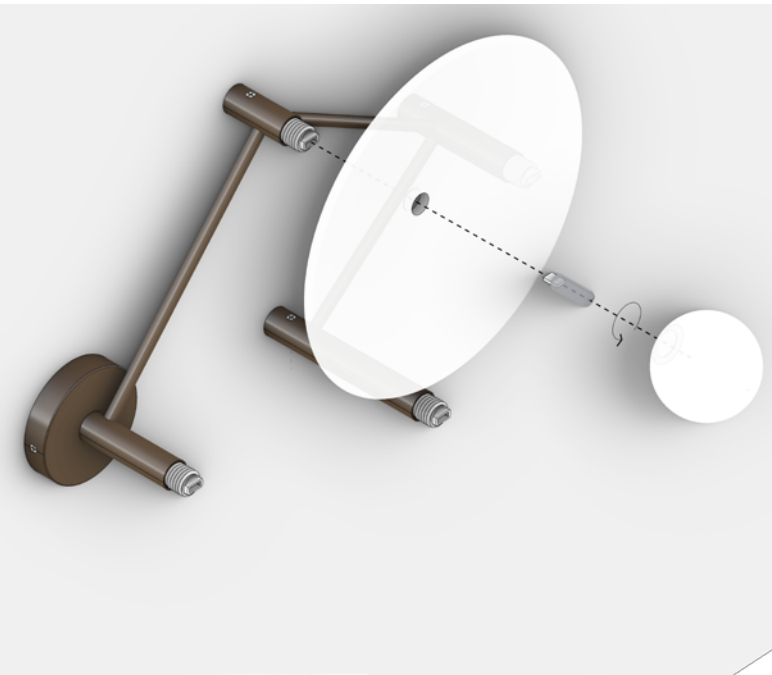

Wiring and Mounting the Base

Once the entire fixture is properly positioned, use the included screws to secure each mounting point. Ensure all screws are fully tightened.

STEP 6

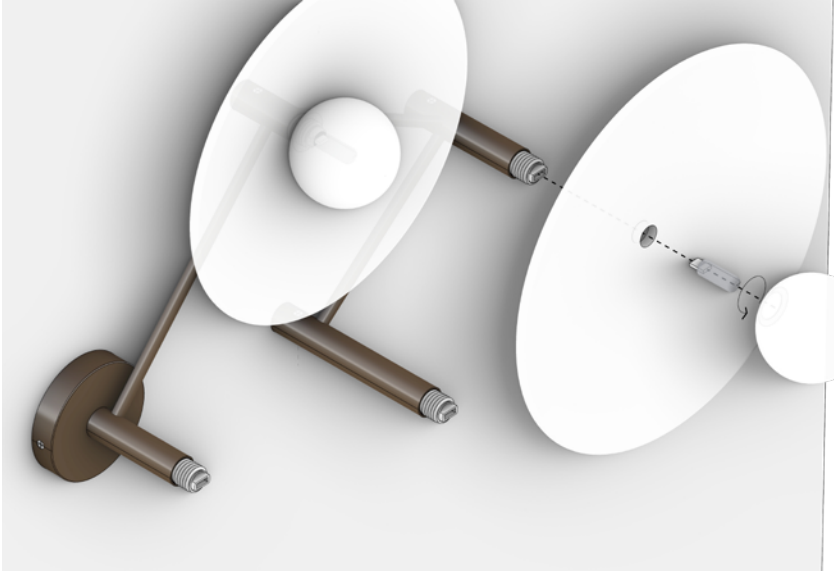

Next, assemble the light components one by one, starting with the arm closest to the wall. First, slide the decorative disc over the threaded socket. Then, insert the G9 LED bulb. Finally, screw the alabaster globe onto the socket to secure the assembly in place.

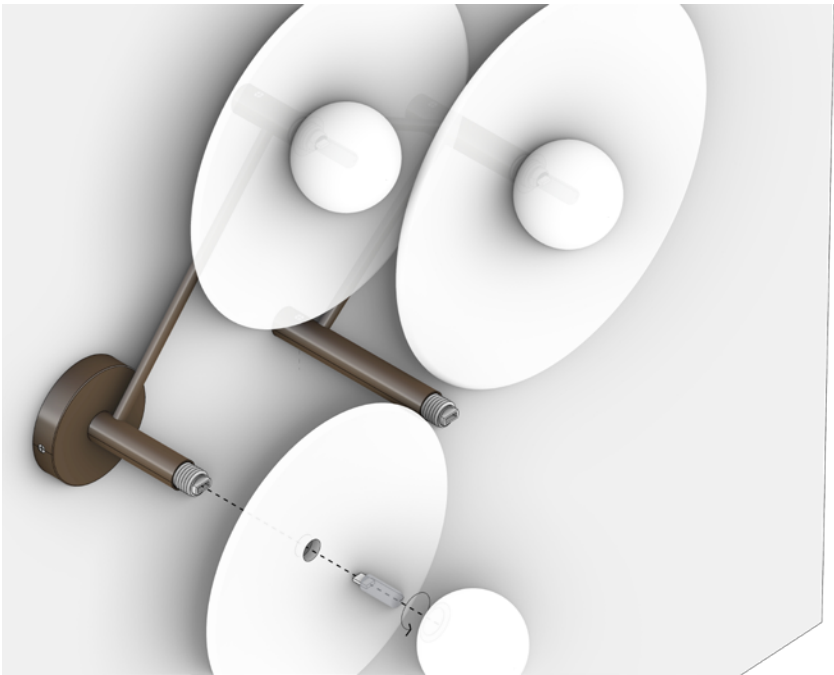

Repeat the steps for the 2 arms in the middle. (step 7 & 8)

INSTALLATION

STEP 7

STEP 8

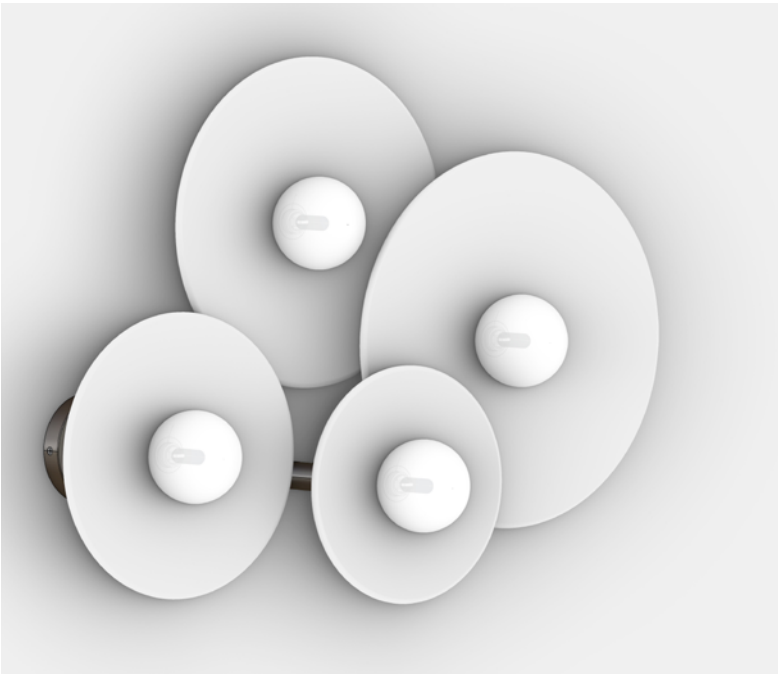

INSTALLATION

STEP 9

STEP 10

Finally, install the fourth set at the very front of the fixture using the same method.

Restore Power & Inspect

Turn power back on at the breaker.
Test the light. Check for flickering, unusual sounds, or heat.
If issues occur, immediately turn off power and recheck connections.

IINK INTERIORS

Where nature meets design. We create handcrafted marble decor and luxury lighting that celebrate raw beauty and timeless form.

Each piece begins as a story told by the earth — from sculptural table lamps and minimalist marble bowls to collectible holiday keepsakes. Designed in Australia and crafted in collaboration with skilled artisans around the world, our collection explores the dialogue between natural materials and refined simplicity.

Whether you're styling a modern interior or searching for a meaningful gift, our objects bring warmth, texture, and understated elegance to everyday spaces.

Trade and design partners welcome — reach out for exclusive pricing, specifications, and project support.
