Lumen Cube – Alabaster Edition

Type:	Portable Lamp
Globe type:	integrated LED
Voltage:	110V-220V compatible
Wattage:	3-6W
Environment:	Indoor
Power Source:	Rechargeable Built-in Battery

A sculptural cube carved from natural translucent alabaster, this portable lamp brings quiet elegance and warm light to any space. When illuminated, the stone reveals its unique veining and layered softness, creating a calm, ambient glow reminiscent of candlelight.

Designed as a small architectural object, the cube form is minimal yet expressive, allowing the stone's natural beauty to take center stage. Use it as a bedside lamp, bookshelf accent, dining light, or decorative object – its portable and cordless design makes it effortless to move around the home.

With adjustable brightness, you can dim the light to match your mood – from soft atmospheric lighting to a more pronounced glow.

Built in battery with USBC connection, cable provided

Features

Handcrafted Uniqueness: Each marble is hand-selected for its veining – no two lamps are identical.

Care Instructions

Alabaster Base: Wipe gently with a dry microfiber cloth; avoid water or chemicals.
