IINK INTERIORS

Where nature meets design. We create handcrafted marble decor and luxury lighting that celebrate raw beauty and timeless form.

Each piece begins as a story told by the earth — from sculptural table lamps and minimalist marble bowls to collectible holiday keepsakes. Designed in Australia and crafted in collaboration with skilled artisans around the world, our collection explores the dialogue between natural materials and refined simplicity.

Whether you're styling a modern interior or searching for a meaningful gift, our objects bring warmth, texture, and understated elegance to everyday spaces.

Trade and design partners welcome — reach out for exclusive pricing, specifications, and project support.

Modus Sconce-
Marble Cascade

Type:	Sconce
Globe type:	1 G9 LED
Voltage:	110V-220V compatible
Wattage:	5W
Environment:	Indoor
Installation:	Hard Wired Wall Sconce

Design Highlights:	Installation & Care:
Material: A striking slab of natural Calacatta Viola marble, showcasing bold, organic veins and a polished finish. Each slab is hand-selected for its unique character.	Weight-Bearing: Due to the marble's natural heft, ensure walls are reinforced or sturdy (e.g., concrete, solid wood).
Versatility: Perfect for hallways, living rooms, or bedrooms—ideal for ambient lighting or highlighting decor.	Bulbs: Compatible with 1-3 x G9 LED.
Available in 3 sizes to suit your need	Maintenance: Wipe marble gently with a dry microfiber cloth. Avoid water, chemicals, or abrasive cleaners.

INSTALLATION

STEP 1

- Locate & Mark
- Drill & Secure
- Hold the hanging base against the wall at the desired height.
 - Use a level to ensure it's straight, then mark screw hole positions.
 - Verify no electrical wires/ pipes are behind marked spots
 - Drill holes at marked points using a masonry bit (for concrete/ brick) or wood bit (for studs).
 - Insert wall plugs (expansion anchors) if needed.
 - Align the hanging base with holes and fasten using screws. Ensure it's firmly attached

STEP 2

- Connect Wires
- Important: Confirm power is OFF
 - Feed home wiring through the base's center opening.
 - Secure with wire nuts or terminal blocks. Wrap connections with electrical tape.
 - Tuck wires neatly into the electrical box.

STEP 3

- Attach the Light
- Align the lamp body with the hanging base.
 - Secure using provided screws or locking mechanism

STEP 4

- Restore Power & Inspect
- Turn power back on at the breaker.
 - Test the light. Check for flickering, unusual sounds, or heat.
 - If issues occur, immediately turn off power and recheck connections.
