| Globe type:   | LED component          |
| Voltage:      | 110V-220V compatible   |
| Wattage:      | 3-6W                   |
| Environment:  | Indoor                 |
| Installation: | Hard Wired Wall Sconce |

**The Design**

A soaring reinterpretation of our cube sconce, this vertical luminaire (8×8×16cm) stretches the drama of Calacatta Viola and warmth of Travertine into a slender tower. Precision-cut and hand-assembled, it directs light both upward and downward to soft layer of light – perfect for framing doorways, highlighting art, or adding rhythm to minimalist stairwells, adding layers of light.

**Installation:**  
Hardwired; professional mounting advised for secure placement.

**Features**

**Handcrafted Uniqueness:** Each marble is hand-selected for its veining – no two sconces are alike.

**Sealed Stone:** Treated with a non-toxic sealant to protect against dust and moisture.

**Care Instructions**

**Marble Base:** Wipe gently with a dry microfiber cloth; avoid water or chemicals.

**Note**

Due to the stone's weight, ensure walls are reinforced (e.g., studs, concrete).

# INSTALLATION

STEP 1

**Locate & Mark**

- Hold the hanging base against the wall at the desired height.
- Use a level to ensure it's straight, then mark screw hole positions.
- Verify no electrical wires/pipes are behind marked spots

**Drill & Secure**

- Drill holes at marked points using a masonry bit (for concrete/brick) or wood bit (for studs).
- Insert wall plugs (expansion anchors) if needed.
- Align the hanging base with holes and fasten using screws. Ensure it's firmly attached

STEP 2

**Connect Wires**

- Important: Confirm power is OFF
- Feed home wiring through the base's center opening.
- Secure with wire nuts or terminal blocks. Wrap connections with electrical tape.
- Tuck wires neatly into the base cavity.

STEP 3

**Attach the Light**

- Align the lamp body with the hanging base.
- Secure using provided screws or locking mechanism

STEP 4

**Restore Power & Inspect**

- Turn power back on at the breaker.
- Test the light. Check for flickering, unusual sounds, or heat.
- If issues occur, immediately turn off power, recheck connections.
