LINEA Marble Wall Sconce

Type:	Sconce
Globe type:	LED strip
Voltage:	110V-220V compatible
Wattage:	5W
Environment:	Indoor
Installation:	Hard Wired Wall Sconce

Defined by simplicity, the LINEA Wall Sconce celebrates the natural beauty of marble through a clean, architectural form.

A slender, solid marble panel is set slightly away from the wall, allowing concealed LED lighting to cast a soft, warm glow around its edges. The subtle backlighting creates a gentle halo effect, highlighting the stone's distinctive veining while bringing depth and atmosphere to the surrounding space.

Minimal in form yet rich in material character, LINEA sits effortlessly between functional lighting and sculptural wall art. Its refined proportions make it an elegant addition to hallways, bedrooms, living spaces and contemporary interiors.

INSTALLATION

STEP 1

- Locate & Mark
- Hold the hanging base against the wall at the desired height.
 - Use a level to ensure it's straight, then mark screw hole positions.
 - Verify no electrical wires/pipes are behind marked spots

STEP 2

- Drill & Secure
- Drill holes at marked points using a masonry bit (for concrete/brick) or wood bit (for studs).
 - Insert wall plugs (expansion anchors) if needed.
 - Align the hanging base with holes and fasten using screws. Ensure it's firmly attached

STEP 3

- Connect Wires
- Important: Confirm power is OFF
 - Feed home wiring through the base's center opening.
 - Secure with wire nuts or terminal blocks. Wrap connections with electrical tape.
 - Tuck wires neatly into the electrical box.

STEP 4

- Align the lamp body with the mounted base.
- Restore Power & Inspect
- Turn power back on at the breaker.
 - Test the light. Check for flickering, unusual sounds, or heat.
 - If issues occur, immediately turn off power and recheck connections.
