Type: Table Lamp

Globe type: E26/E27

Voltage: 110V-220V compatible

Wattage: 3-6W

Environment: Indoor

Installation: Hard Wired Table Lamp

### Design Highlights

**Material:** Solid natural marble, hand-polished to a silky, reflective finish that highlights the stone's natural veins and pores.

**Silhouette:** Soft, undulating curves inspired by mid-century modern design, paired with an intentionally irregular base that embodies wabi-sabi's embrace of asymmetry.

**Size Options:**  
Classic: 10.2" x 11" (26 x 28 cm) – Perfect for side tables or cozy nooks.  
Grand: 14.2" x 15.7" (36 x 40 cm) – A bold statement for consoles, desks, or open-plan spaces.

**Finish:** Polished marble base paired with a retro-style fabric cord and brass switch for vintage charm.

**Wabi-Sabi Soul:** Each piece bears unique fissures, mineral streaks, and natural pits—testaments to the stone's journey, not flaws.

**Retro Warmth:** The smooth, rounded curves and brass accents evoke 1960s sophistication, softened by organic texture.

**Lighting & Compatibility**  
**Bulb:** Compatible with E26/E27 bulbs (LED/vintage filament recommended). Bulb not included.

**Voltage:** 110V-220V, adaptable worldwide.

**Ambiance:** Warm, diffused glow that accentuates the marble's translucency and texture.
